Your dog(s) MUST satisfy the following:

- 🐾 They must be fully up-to-date with all vaccinations, plus Kennel Cough (please check this one as it's not always offered), flea, tick and worm.
- 🐾 They must be fully housetrained.
- 🐾 They must already have a good degree of socialisation and be good with other dogs, since I house 4 at a time, plus my own three.

I CANNOT take the following, sorry:

- 🐾 Male dogs 6 months and above who are still intact. I will consider chemically castrated dogs if they are no difficult hormonal behaviours.
- 🐾 Intact females in or close to season.
- 🐾 Large breed dogs (I just don't have the space, sorry!).
- 🐾 High Energy / Anxious dogs (we're a medium to low energy pack, and it can often cause stress, and even conflict, if we have a pack member that can't get in to the packs' rhythm).
- 🐾 Dogs with behavioural problems that can upset the packs balance (particularly, resource guarding, obsessive territorial marking / barking).
